RE: Wattenberg Disposal, LLC

Pressure Fall-Off Test, Third Party Environmental Audit

Dear Mr. Breffle;

Enclosed please find Wattenberg Disposal, LLC's (Wattenberg) Quarterly Injection Report for the period of January 1, 2015 through March 31, 2015 for the Suckla Farms Injection Well #1 facility (facility) located in the SWNW Section 10, T1N, R67W, in Weld County, Colorado.

Monthly analysis of waste fluid stored at the facility performed by Accutest Consulting Services has been included within the attached quarterly report. Comparison of the waste fluid analyses with the established three (3) year baseline has been included within the quarterly report. A slight change in Total Dissolved Solids was observed during the sampling process for January 2015.

The required annual pressure fall off test was completed in March by Integrated Petroleum Technologies, Inc. The results of the pressure fall off test have been included within the quarterly report. In addition to the pressure fall-off test, Wattenberg contracted Enertia Consulting Group, LLC (Enertia) to perform an annual third party environmental audit of the facility. A complete copy of Enertia's environmental audit has been included within the quarterly report.

Please note that no seismic events with a magnitude of 2.5 or greater were recorded by the U.S. Geological Survey within fifty (50) miles of the facility.

If you have any questions or need additional information, please do not hesitate contacting me at 303-825-4822 or slaramesa@kpk.com
